

Barge Permit

Date launching barge _____

Date removing barge _____

I the undersigned am registering a barge or manmade watercraft for recreational use on the Saco River in Fryeburg, Maine. I understand the Town of Fryeburg has passed an ordinance requiring the registration of all manmade "barges" or "flotillas" used for recreational purposes on the Saco River in Fryeburg, Maine.

Form of Payment: cash/credit (circle one)

Card number: _____

Expiration: _____

Name: _____

Address: _____

City: _____ State: _____

Phone number: _____

All manmade "barges" or "flotillas" must obtain a refundable \$250 permit to be carried with them on the river. These permits can be obtained at Swans Falls Campground in Fryeburg. The deposit will be refunded at Swans Falls with proof of removal off the river. Any barge permittees who do not remove barges from the river or who do not return their barge to the Saco River Recreational Council at Swans Falls for inspection will forfeit their deposit.

Description of barge (list all items included in construction, e.g. barrels, docks, etc.):

If the barge has a motor, Maine State law requires it to have a boat registration and milfoil sticker. Your receipt must be kept with you on the barge and returned to the Saco River Recreational Council upon return. Failure to have required permits could result in fines or further actions by the Saco River Patrols

Barges that are deemed to be dangerous or a hazard will not be allowed. Failure to remove the entire barge and follow all laws may result in fines or further police action. Manmade "barges" and "flotillas" are nor recommended by the SRRRC or any local or state agencies. These vessels are difficult to maneuver in this river and are the full liability of the registered owner(s). Go to sacorivercouncil.org or to the Fryeburg PD website for details on this ordinance.

A photo of your barge will be taken by a SRRRC employee and kept on file for the duration of your trip. If the barge returned does not match the photo and written description taken at time of launch, your deposit will not be returned.
